Red Zone Cancellation

- **2 DAYS PRIOR TO PLAY: Weather conditions are being closely monitored by our coordinators.**
- Please **DO NOT** email coordinators asking if the game is cancelled.
- Once actual conditions/restrictions are determined, the coordinator will reach out to you, early the morning of play via email. Then you can then make your decision. (We also understand course restrictions such as "cart path only" may affect those with mobility issues.)
- Once the coordinator's update has been provided, if play is on, we encourage you to show up to play. Worst case, a raincheck will likely be provided if you start your round. Courses are very understanding when we turn out and at least try to play.
